The headmaster of a public school has suspended 10 per cent of his Upper Sixth after spotting Facebook pictures of them in a fight.

Pupils at £20,000-a-year when a drunken brawl broke out. ge were at an 18th birthday party

Pictures of the teenagers fighting and damaging property at the venue, a country house hotel, were posted on the social networking site Facebook within hours.

# Would-be students checked on Facebook

A Cambridge University admissions tutor has admitted students applying to his college by browsing their Facebook profiles. Richard Barnes, senior tutor at Emmanuel College, says he has used the social networking site to check the value of this by some of our members in the college magazine.

"This has been the year in which I joined Facebook and I confess that I actually joined to see what I was missing up (discreetly) on applicants for a college position. The value of this by some of our members in the Cambridge University played down the comment as a "throwaway" perfectly well how our admission procedures work.

Cambridge, like Oxford, insists it only offers places based on a candidate's interview performance, academic record, statement, outlining their interests and reasons for the course. Facebook profiles often include personal

## On Social Networking

Does your school use Facebook to recruit prospective students?

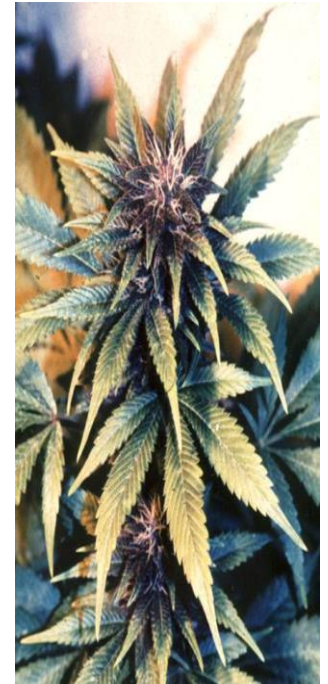

Does your school use Twitter to recruit prospective students?

# What is a Drug ?

Any substance which changes the way the body feels either mentally or physically

# Drugs Policies in Schools & Industry

---

Health & Safety Issue

Zero Tolerance, Tolerance with action

- Help to include treatment & support
- Dismissal – should it include referral to outside agencies

Where do you fit in your school policy

# Misuse Of Drugs Act 1971

---

## **Class A Drugs**

# Drug Offences

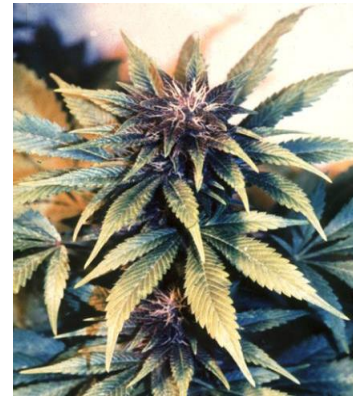

Possession

Possession with intent to supply

Cultivation  
of Cannabis

# Home Office Regulations

---

There is no entitlement to a passport and no statutory right to have access to a passport. The decision to issue, withdraw, or refuse a British passport is at the discretion of the Secretary of State for the Home Department (the Home Secretary) under the Royal Prerogative. and, the Home Office has the power to confiscate passports if a UK citizen is engaged in Criminal Activities at home or overseas

# Offences in the Workplace

---

- Health and Safety at Work Act 1974
- Road Traffic Act 1988
- Transport and Works Act 1992
- Railways and Transport Safety Act 2003
- Management of Health & Safety Work Regulations 1999
- Health & Safety Offences Act 2008
- Corporate Manslaughter

# New Legislation

---

“The government has announced that road-side drugalysers will be introduced this year, and has created a new offence of driving with an illegal drug in your body..”

BBC news

# What about Alcohol?

---

“It is the familiarity of alcohol that makes people think it is not dangerous”

*British Medical Association*

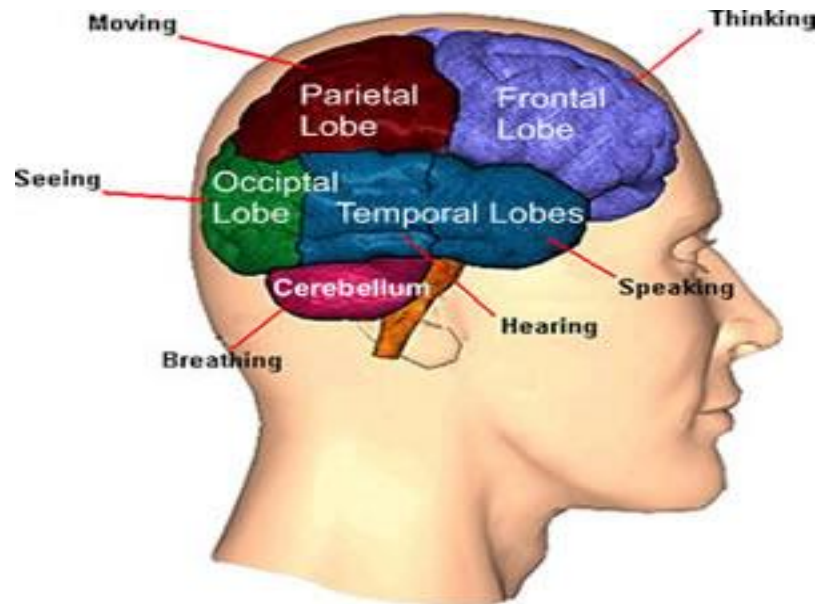

# At What Cost?

---

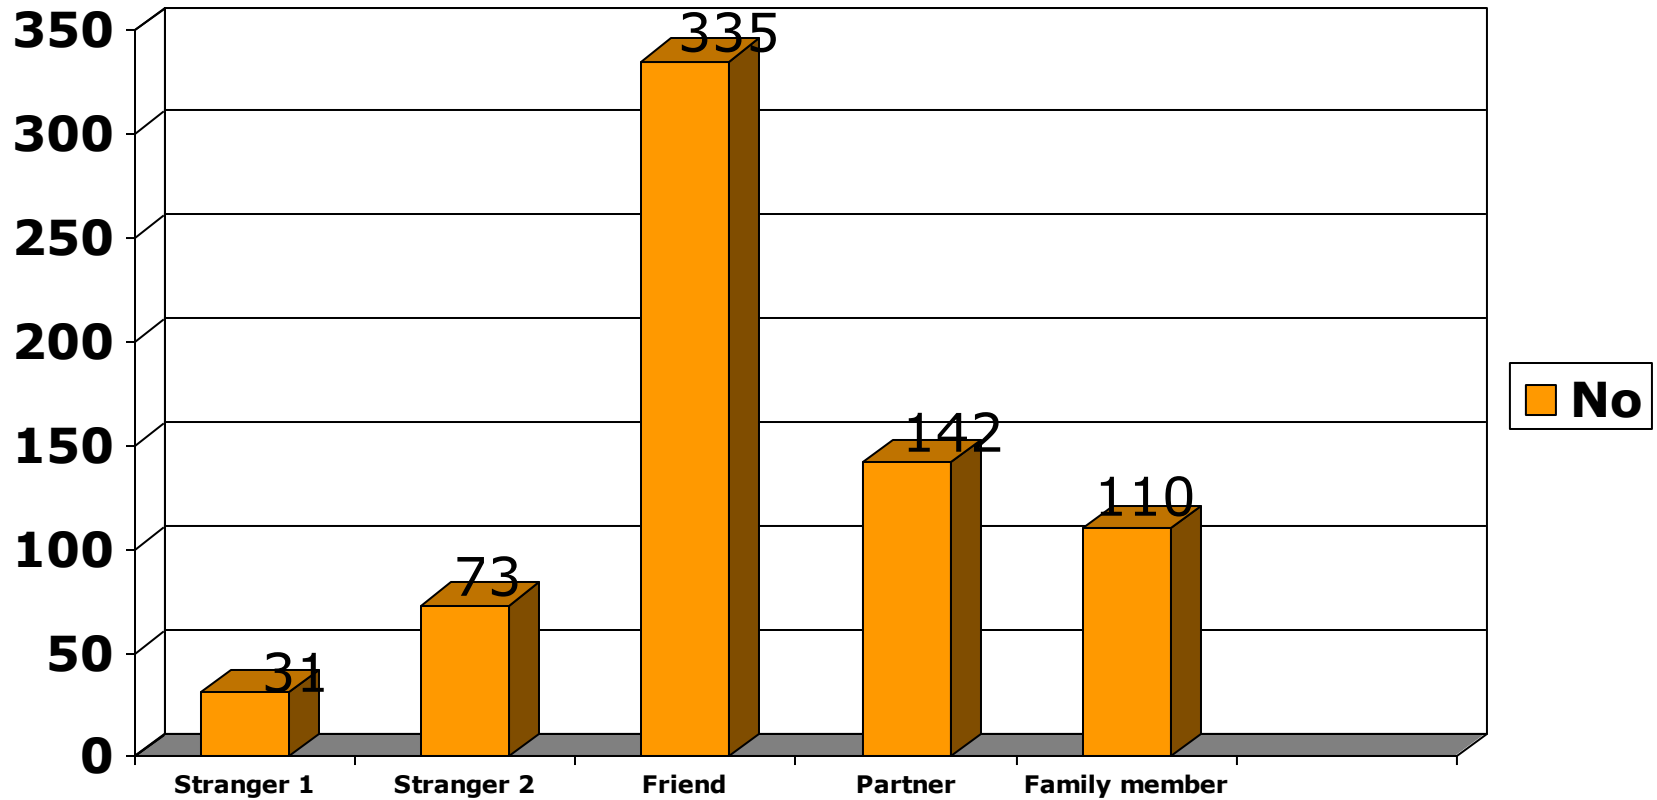

# Alcohol affects the brain

- Why does alcohol change our ability to think clearly:
- Your faculties are affected in this order:
  - Thinking
  - Speaking
  - Moving
  - Hearing
  - Seeing
  - Breathing

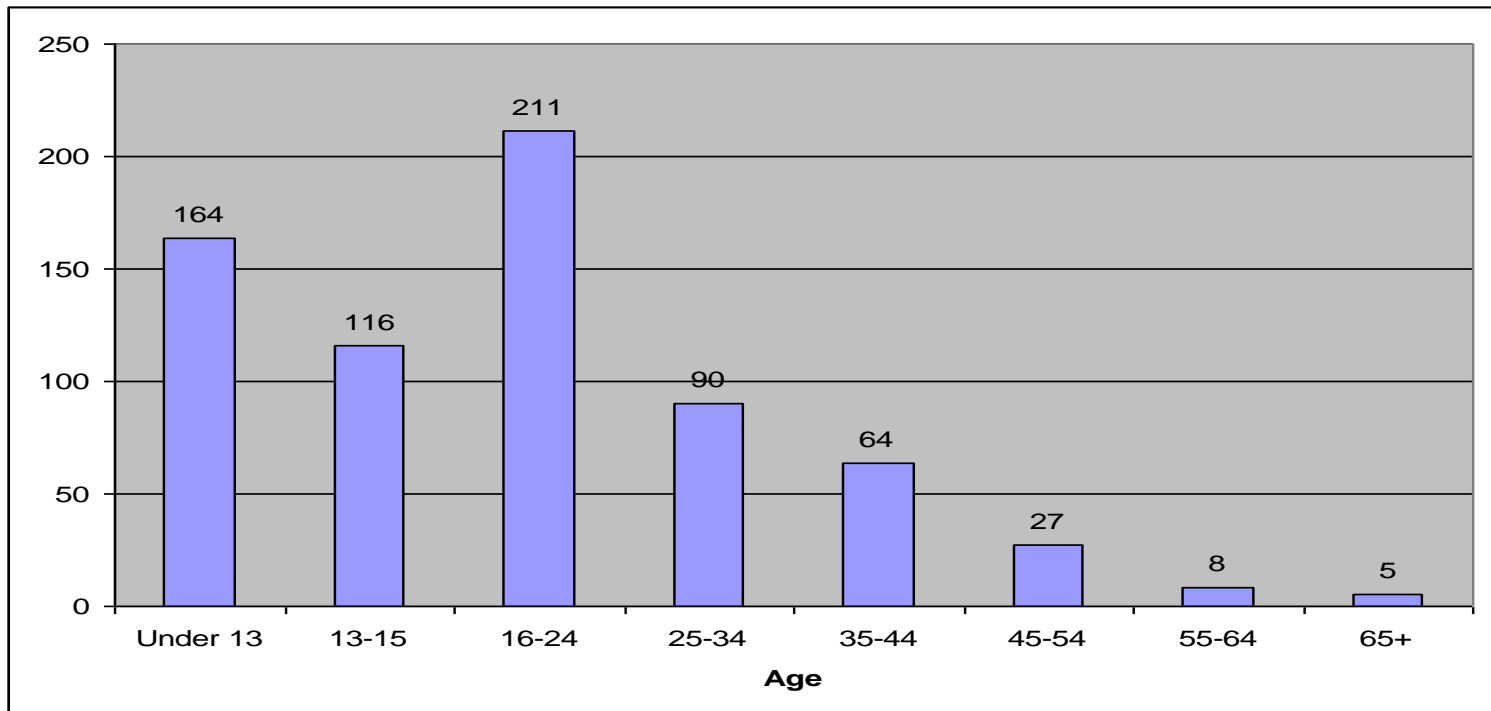

# Victim/Offender Relationship
