

Year 8 Spanish Curriculum Content

The topics and work that we will be covering over the next few weeks are as follows. We will continue to use the Viva 2 book and workbook, which will be instrumental in your lessons.

We will be revising the use of the near future tense in relation to buying foods.

Quantities of Food and organising parties, including entertainment and party food.

Practise using the past, present and future tenses together with time frames, e.g. last week, including more challenging exercises and texts, to further develop your knowledge and deepen your understanding of what we have done so far.

We will look at some cultural topics too. What types of food do they have in Spain/Latin America? How does it differ from ours? You will get the opportunity to choose a country and research their food traditions.

In Unit 4, we look again at our free time activities, but this time we will be incorporating a different tense, the conditional 'I would like to' tense, along with learning to say 'I have to' and 'I can' – irregular verbs poder and querer, followed by talking about daily routine (I get up etc) and describing outfits.
