

## **Year 7 Spanish Curriculum Content**

The topics and work that we will be covering over the next few weeks are as follows. We will continue to use the Viva 1 book and workbook, which will be instrumental in your lessons.

Looking at the weather in a bit more detail, including the seasons of the year. We will look at the weather in other Spanish speaking countries.

We will look at more sports and the verbs 'hacer – to do' and 'jugar – to play' both irregular verbs. We will see how we can give an account of daily activities, linking opinions, connective words, time phrases (e.g. sometimes/always) and nouns

We will also be looking at further uses of opinion phrases.

There will be some more challenging exercises and texts, to further develop your knowledge and deepen your understanding of what we have done so far.

We will look at some cultural topics too. What festivities do they have in Spain/Latin America? How they differ from ours and look at some which are very different. You will get the opportunity to choose a few and research them.

Following on from that, we will start the unit on school, learning to talk about school subjects, what we think of them and further adjectives to describe them, along with describing school buildings and discussing what you like to do at breaks and lunchtimes, including talking about the food that you like to eat in the canteen.
