Reminder How We Achieve The Best Possible Examination Results

There is no magic dust!

1. A Grade Higher

Target Grades for students at Gordon's are set within the top 10% of student attainment nationally.

Every year, 55% of students achieve their aspirational target grades in at least two of their subjects

2. Good teaching & A.C.E Lessons

What you should expect from all lessons at Gordon's...

- Assessment for Learning – the feedback loop
- Challenge
- Engagement

3. Prep

Reminder

- Prep runs 6.15pm to 7.30pm (Mon – Thurs)
- Students can study in either their study room or the Library (until 9pm)
- KS5: 8 hours per subject
- **Strong correlation between those who regularly attend prep and academic outcomes at A Level.**

4. Excellent Student Resources on SharePoint

5. Continuous Study Vs Revision

Information about
Study Skills at
Gordon's can be
found [here](#).

- Students have been encouraged to study, and not wait until April to 'revise'
- Using study periods (remaining onsite)
 - Completing prep
 - Studying
- There is also a general revision guide on the website [here](#).

Weekly Study Plan

During tutor time on a Monday they will:

- Set their study goals for the week
- Plan how they will use their **study periods**
- They have been told that studying is not just prep! It is something their teach might not necessarily set for them to complete. It could be:
 - Reading ahead
 - Completing notes
 - Reviewing something they found difficult
 - Applying their knowledge with some exam questions

It could look something like this...

6. Emphasis on Hard Work

Effort is King

Those students regularly attaining the best Effort Grades, routinely achieve higher A level results!

Bottom 20 Y13s for effort

- Average effort grade 2.61
- Average grade **C/D**

Top 20 Y13s for effort

- Average effort grade 1.27
- Average grade **A/B**

How we measure effort

Key Competency	Good performance standard
Focus	Concentrating in lessons and remaining on task
Prep	Handing in well-presented homework that reflects your best effort, on time and preparing for the next lesson as asked.
Organisation	Being punctual, bringing the correct equipment and books / folders and keeping them in good condition.
Participation	Willingness to extend knowledge through active learning and to become involved in discussions / tasks.
Growth mindset	Actively seeking to improve and be able to respond positively to feedback (verbal and written) and learn from mistakes.

Effort Grades

- 1 = Outstanding
- 2 = Very Good
- 3 = Good but occasionally inconsistent
- 4 = Minor Cause for Concern
- 5 = Major Cause for Concern

Year Group ranking. Reports will identify where in their Year Group a student sits in relation to others, based on their Effort Grade.

A Grade 3 need not necessarily raise significant concerns. However, students in the bottom quarter of the year are likely not trying hard enough....

5. Intervening in the right way at the right time

Why?

Employers want **interesting** people...

World Challenge survey of over 500 of Britain's best known employers cited the following 4 areas which make candidates stand out from the crowd...

"Co-curricular activities"

"Duke of Edinburgh"

"Volunteering & participation"

"Relevant work experience"

Grades will get you to interview, but it's the things you do outside the classroom that will get you the job

These habits are built now,
and there is still time.
