

# Welcome to the Year 12 Higher Education Launch 3rd February 2021

Mrs Radford  
Assistant Head (Head of Sixth Form)

# Aims

- To inform both students and parents of key aspects of the HE application process.
- To outline the various Post – 18 options.
- To inform both students and parents of support at Gordon's Sixth Form for the various options.
- To hear from University of Exeter for a university perspective.

# **Sixth Form team for Post 18 steps**

Application sent  
off

## Phase 1 Unifrog: February – June

1. HE launch event- tonight! Focus from now on should be on research.
2. April UCAS Fair – virtual
3. Attend Open Days at Universities of interest – may be virtual for now
4. Higher Education meeting for parents (in June)
5. Higher Education Day (in June for students): personal statement writing workshop
6. Log on to UCAS and begin the application

## Second phase UCAS: June- December 2021

- UCAS account is created by students
- There are several sections which students fill in:
  - Personal details – June deadline
  - Education - June deadline
  - Choices
  - Personal statement
  - School reference (tutor writes this)

# The UCAS Process - an overview

## June – December 2021

1. Students create a UCAS account in summer term
2. They add **5 choices** of courses/universities that they think they can access based on their predicted grades
3. They need to write **one personal statement** to convince admissions tutors to offer them a place
  - **Deadline for this is by October half term 2021**
4. We write a reference for them during October/November
5. I send the application off with the students
  - **UK deadline typically 15 January 2022 but my deadline is November 2021**
6. We wait to receive offers
7. Students then narrow down their 5 choices to final two by May: a firm choice and then an insurance choice

What are the different types of universities?

## An immersive engineering degree for the next generation

The Dyson Institute of Engineering and Technology is unlike any other higher education institution. It's for those with a passion for solving problems and a fascination for how things work; people who'd rather get hands-on with real engineering challenges.

Our Undergraduate Engineers work alongside the Dyson Technology Global Engineering team from day one. They contribute to live projects, while studying for their BEng (Hons) Engineering degree.

# Admissions to Exeter

- 42,000 applications
- Planned intake is approx. 5,900
- Approximately 35,000 offers
- Offer ranges published on UCAS and on our web pages

# Entry Qualifications

- GCSE English grade C (4) or equivalent
- Check specific subject requirements: GCSEs relevant here
- Range of Level 3 qualifications accepted including A Levels, International, European & Welsh Baccalaureates, Pre-U and BTECs;
- A mixture of A-Level and Pre-U (or other quals) is fine
- We don't offer on General Studies A Level
- Offers are based on 3 subjects but extras may be considered if you are borderline in the summer
- **Extended Projected can make a difference** – students who obtain an A may receive a lower offer

# Our Process

- Personal Statements
- References
- Qualifications predicted & achieved
- Contextual data
  - Non-academic excellence
  - Extenuating Circumstances
  - Low Participation Neighbourhood (LPN)
  - Care leavers
  - Carers & estranged students
  - School type/performance

# Our Offers

- Personalised: geared to predictions but will not be higher than the stated range
- May be lower (contextual offers) or incentivised (reduced if you make us Firm)
- No unconditional offers *before* your exams

# Personal Statements

- Support our decision
- Should be 75-80% on subject
- Additional/substitute statements rarely needed
- Rarely decisive overall
- Provide helpful context
- Reviewed for borderline applications (prior to offer or in the summer)

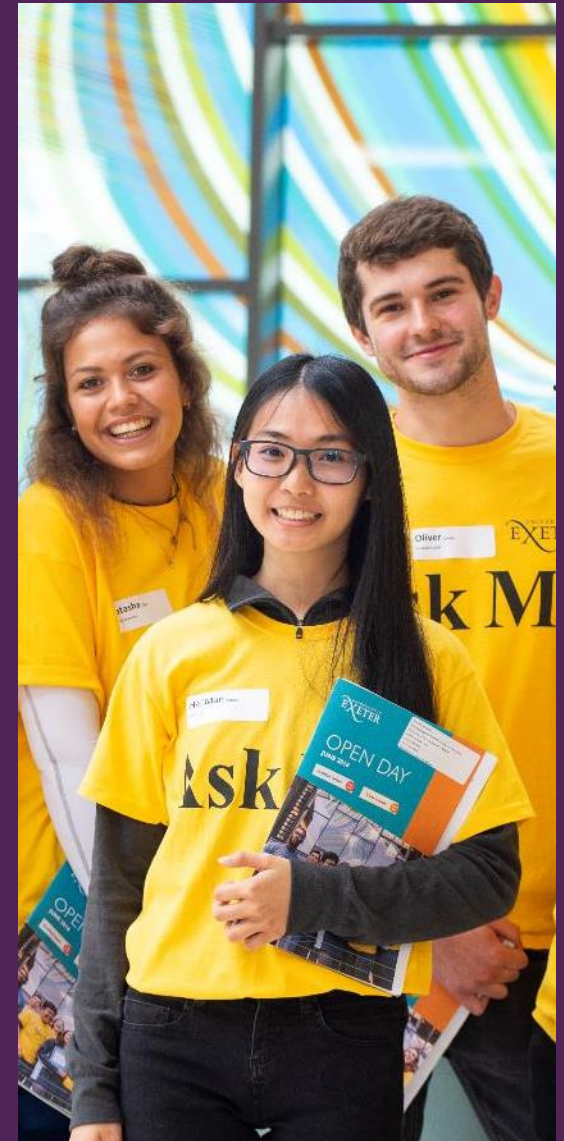

# Interviews

- Medicine requires an interview if selected – these are competence based
- Some other programmes may invite you for an interview; this is an opportunity for you to explore whether the course is right for you

# We are looking for applicants who...

- Are suited to the course
- Have the *qualifications* and *qualities* to succeed on the programme
- Are ambitious, conscientious & hardworking
- Are able to work under pressure
- Can adjust to the new university environment
- Show dedication to the course & have researched it
- Have a *genuine interest* in the subject
- AND a desire to learn more...

University of Exeter

Solid - A Russell Group University - TEF Gold

A Law degree from the University of Exeter offers a unique blend of academic rigour; including critical, theoretical and reflective dimensions; from one of the top global universities that is also a member of the prestigious Russell Group; with the excitement of experiencing the law in action. Our programmes are taught with a legal profession-facing emphasis on substantive content that is of real-life relevance, whilst developing the academic and practical skills required by the legal profession and employers more generally. In addition, the Exeter Law School challenges its undergraduate law students to maximise their potential.

## Unofficial overview

"The University of Exeter is split across three campuses with the main one being based in the gorgeous surrounds of the Devonshire countryside, walking distance from the city centre of Exeter. The Guild is central to student life and is member-led, meaning that students have a direct say in events that are put on and how it is run. The ambitious university is consistently ranked in the top 10 and is investing heavily in new facilities ensuring that its research and teaching are always at the top of their game. The state of the art sports facilities are just one reason why Exeter is considered one of the best universities for sport as well. The small city means that students will find it easy to feel at home."
