Force Atlantic: The World's Toughest Row

Tuesday 11th March 2025 at 4pm in Chapel

Could YOU take on the impossible? Rowing **3,000 miles** across the Atlantic Ocean isn't just about strength—it's about **resilience, teamwork, and determination**. The first all female British Army team to complete the challenge battled storms, exhaustion and the vast open ocean.

Hear their amazing story and learn how **courage, leadership, and perseverance** proves that resilience isn't just about pushing through challenges—it's about **adapting, supporting each other, and staying focused on the goal**. The toughest moments in life are where true character is built.

A Future in Finance

Wednesday 12th March 2025 at 4pm in Chapel

Join us for an exclusive talk with **Fiona Carpenter, Partner at PwC**, one of the world's leading professional services firms. With years of experience in **tax, accounting, risk management, and business consulting**, Fiona has worked as both an advisor to clients helping businesses solve complex financial and strategic challenges and been the Chief Finance Officer for an asset management group.

Fiona will share her **career journey, advice on breaking into the industry, and insights into the exciting opportunities available at PwC**, including apprenticeships, graduate roles, and work experience programs. You'll learn that there is **more to accountancy than it first seems**, what top employers look for and how to set yourself up for success. Whether you're interested in business, finance, consulting, asset management or just exploring your options, this is a fantastic chance to gain valuable insights from an industry leader, ask questions, and get inspired about your future!

Changing Lives with The HALO Trust

Thursday 13th March 2025 at 4pm in Chapel

Are you passionate about global issues, humanitarian work, or making a real difference in the world? Join us for an inspiring careers talk with **Lucy Reeve** from **HALO Trust**, the world's leading landmine clearance charity.

HALO has been at the forefront of humanitarian demining for decades, famously supported by **Princess Diana**, who helped shine a spotlight on their life-saving work. Today, HALO is actively working in **Ukraine**, clearing deadly explosives to protect communities and help rebuild lives.

Lucy Reeve brings first-hand experience from conflict zones and will share her journey, insights into HALO's mission, and the opportunities for you to make a difference with a career in humanitarian aid, international development, and logistics.
